#### WHY CHOOSE US

At Morgan Solutions, we are more than numbers. We are not limited to bookkeeping or accounting, we are business developers who are always there to save you and guide for all your business needs. To help our esteemed clients achieve the best possible outcome in their relevant fields and make their business & profits sustainable. What we offer is great long term relationships and outstanding person service.

There are plenty of treasured reasons that make us different from others. It's not always about work or service as it is mandatory and out of the question. We are not limited to bookkeeping or accounting, we are business developers who are always there to save you and guide for all your business needs.

What's important for us is relation with the client. Our goal is to help our esteemed clients achieve the best possible outcome in their relevant fields and make their business & profits sustainable.

# FINANCIAL & ACCOUNTING SERVICES

We offer financial and accounting outsourcing services to provide our clients with timely, accurate and customized financial reports saving them the hassle of establishing an accounting department, regulating internal control activities and administering financial reporting processes. We also collaborate with our clients to deliver a tailor-made sustainable accounting information system. As such, we offer the following services:

# Bookkeeping

Morgan Solutions experts can put you and your business at ease, giving you more time to do what you love and to spend time with your friends and family. We have years of experience servicing any businesses with all of their bookkeeping requirements. We also know where businesses need to improve from our own experience in running businesses and working closely with business owners.

### Payroll

Payroll processing for any business, big or small, needs to be accurate and completed within predefined time-frames. However, for small to medium enterprises (SMEs), it may not be economically viable to have a dedicated department to handle payroll. Hence, they decide to outsource their payroll processing from a reputable vendor with expertise in payroll processing. By right, this vendor should provide tailor-made payroll services that meet the client's specifications and growth plan.

# Financial Accounting

Financial accounting is a specialized branch of accounting that keeps track of a company's financial transactions. Using standardized guidelines, the transactions are recorded, summarized, and presented in a financial report or financial statement such as an income statement or a balance sheet. Financial Accounting helps management make the right decisions. Our financial reports are clear, accurate and help with your decision process.

### YOU CAN TRUST MORGAN SOLUTIONS TO GET THE JOB DONE
